**Fresno California, January 11, 2024.** “News of a local poll asking: “would you vote for a candidate eighty or over for Fresno County supervisor?” prompted me to quote President, Ronald Reagan and announce today that I will not make age an issue in the race for Fresno County Supervisorial District two. And I will not exploit, for political reasons, the youth and multifaceted inexperience and shortfalls of anyone who chooses to run for office,” said Dictos.

I am grateful to the voters of Fresno County for electing me four times to lead the prestigious office of Assessor-Recorder of the County. Over the past thirteen years my staff and I have remained responsive to taxpayers’ inquiries and have created a culture of public service for which I am proud of. On September 22, 2022, we opened the doors to the new Recorder’s office at 1250 Van Ness, where we provide free on-site parking and a drive-through service to pick up vital documents (Birth, Marriage, and Death certificates). “The enthusiasm and energy for my work remains high as I continue to be motivated to serve the public with integrity of heart,” said Assessor Recorder/CPA Paul Dictos.
